

**OxfordAgainstCutting**  
StopFemaleGenitalMutilation

## *Art and story writing workshop on healthy relationships*

**Wednesday 11th July 2018 at Dunmore Primary School, Abingdon from 4 - 6pm**

A workshop for primary school children to increase children's safety, especially around sexual abuse, assault and Female Genital Mutilation (FGM). The session focused on learning about body rights, speaking up if we are hurt, staying safe and the support available. **We believe relationship education is essential to ensure children can grow in a safe, supportive environment to reach their full potential.**

If you get harmed what should you do?  
Tell a friend, a family member too!  
Maybe a teacher or a trusted adult,  
Or a parent/guardian/dad.  
Never be scared to tell the truth,  
Of what might be happening to you,  
It will be good for you.  
PANTS is a rule to remember,  
Along with calling the NSPCC!  
Childline=0800 1111\*  
Adult Hotline=0808 800 5000  
Don't let anyone hurt or upset you,  
That's something you must always know!
